

A wide-angle photograph of a modern outdoor swimming pool. The pool is rectangular with a curved end, set on a light-colored stone patio. In the background, there is a wooden building with a covered deck area, several lounge chairs on the grass, and a curved shower head on the right side. The sky is blue with scattered white clouds.

ACCESSORIES

Did you know that...

We offer heat pumps, filtration equipment or pool chemicals. Furthermore, accessories not requiring installation, such as thermometers and vacuum cleaners. The most popular are devices that help you relax in your pool, reflectors, counterflow, etc.

POOL ACCESSORIES

We make sure that we are a one-stop pool shop for you. That is why you will find a wide range of pool accessories here.

Pool robots and vacuum cleaners

Sand filters

Heat pumps

Pool chemicals

Salt dispensers

Lighting

Filtration pumps

X-FLOW GRID

Overflow pool edge

The new and timeless design supports better water circulation and thus its purity.

Thanks to the ease of installation, you no longer have to use any pool trim, couplings or aluminium profiles. You will certainly appreciate the choice of two colours, which will make the X-FLOW overflow grid a design feature in any garden.

Our own overflow grate designed in collaboration with designers from the automotive industry.

X-FLOW Grey

X-FLOW White

ALBIXON

86

1990

ESTABLISHMENT

Our history dates back to 1990, when the Smetana brothers founded the company under the name ALBION. At that time, no one had any idea that it would later become a leading player in the swimming pool industry throughout Europe.

2011

ALBION → ALBIXON

New company name. And the founders put it simply: "The name Albion referred to England, as we have always admired their business culture and freedom. But people mistook us for other companies, so we added an 'X' to create ALBIXON."

2012

NEW POWDER PAINT SHOP

We open a new powder paint shop with the modern DECORAL line, which allows us to use dozens of colours, designs and patterns, not only for our enclosures, but also for many external customers and their various projects in and outside the Czech Republic.

2023

SKYTRIUM & BERGEN

In line with our new mission and vision, we are launching the SKYTRIUM bioclimatic pergolas and the BERGEN pool terrace enclosure.

1995

SWIMMING POOLS ON THE RISE

ALBION is fully engaged in the production of swimming pools and thanks to the first series pools, the production volumes are growing rapidly. Despite this, demand far exceeds supply, and ambitious plans for the coming years are born in the founders' minds.

2006

BRILIX

Customers no longer want just a pool and an enclosure, but demand a complete pool set from a single supplier. Complexity has become a challenge for us and room for further growth. We responded by creating the BRILIX division, specialising in the sale of our own pool accessories.

2014

SKYTRIUM

We listened to the wishes of our customers and offer a solution connecting gardens and family homes. This is how the SKYTRIUM terrace enclosure was created – the garden and the house.

2022

MOOVER

Introducing MOOVER – the universal solution and autonomous enclosure sliding solution. We listened to our customers and, in cooperation with automotive designers, we developed an electric sliding system with an elegant design that operates pool enclosures at the touch of a button.

1998

PRODUCTION OF ENCLOSURES

We respond to the increasingly urgent demands of our customers and include pool enclosures in our product portfolio. These soon became our flagship product and their popularity is growing every year.

2004

ENCLOSURES IN BOX

We started offering our enclosures in a BOX. The advantages include the considerable savings in the cost of transportation, simple assembly and speed of delivery. We established the IDEALCOVER brand (later renamed ALBIXON BOX) for the export of these enclosures.

2017

QBIG POOLS

We launch a design solution for the QBIG series of swimming pools protected by a utility model. Thanks to the built-in lost formwork on the outside of the pool, we can speed up the construction work, saving our customers' time and money.

2001

POWDER PAINT SHOP

ALBION's first powder paint shop launched in Hořovice significantly supports the production of enclosures and at the same time meets the demand of external customers.

2002

EXPORT

After the first decade of operation, we became a strong player on the Czech market. We then took the opportunity and decided to expand and sell our products abroad, through official B2B partners. First we took it to the neighbouring German market.

2019

SYDNEY & X-FLOW

The year 2019 was full of new achievements reported by our development team. We expand our product portfolio with the elegant and unique SYDNEY serial enclosure system and the luxurious MIAMI customized roofing. We also add our own X-FLOW overflow grid to differentiate ourselves in the market.

2021

3D PRINTING

We are investing in 3D printing and strengthening our development capabilities. Thanks to professional prototypes and our own production of plastic, we are opening the door to further innovations for our customers.
